6) Subd. The Dt Health offices are generally ex officio members of Dt Medical officers. All the Dt Medical officers of districts except Jaffna & the Dt Health officers of Chavakachcheri & Mullaitivu are ex officio members of the respective Dt Boards with the result that while only the Dt Health officer of Jaffna is an ex officio member of the Jaffna Dt Bd, both the Dt Medical officer & the Dt Health officer are ex officio members of the Mullaitivu Dt Bd.

7) It is now stated in the letter of the Director of Public Health dated 6.2.46 that while some Health officers have been newly posted to the districts of Mannar, Kalmunai, Batticaloa & Trincomalee & that such officers will be posted to the remaining districts in about 3 to 6 months. The question

Please. Minute below

now is whether the Dt Health Officer should be appointed ex officio member of the Dt Boards. Their technical knowledge may be of great use in the Dt Board meetings & work. But in order to appoint them on the Boards, the strength of the Boards will have to be raised by a notification in the Gazette. The total no of ex officio members in Dt Board is generally 4 but in the ~~Dt Boards headquarters municipalities~~ Chingleput Dt, it is 5.

2) As regards Dt headquarters municipalities the question concerns the Municipalities in the Dts other than Bangalore & Mysore, ~~etc~~. All these are town municipalities the no of ex officio members is generally ~~two~~ being the Senior Medical Officer & the Senior P.W. Officer. Only at Mandya the Health Officer of the Malaria Unit at Mandya is one of the ex officio members in stead of the Med. Officer.

3) It may be seen from the above that

while a Dr Health Officer can become a member of a Dr Board or a municipal council, whether he should be an additional member or one in place of a Dr medical officer is for consideration. Another point for consideration in regard to Dr Head Quarter town municipalities whether the no of ex officio members is to be raised from 2 to 3 to provide for the nomination of the Dr Health Officer to the municipal council.

JHM 12/5/16

9) The proposal to direct that the Dist Health Officers who have been recently appointed to the Dists of Kasur, Narowal, Chiniot & Jhelum may be appointed as the ex officio members of the Dist Boards concerned is invited to the forward steps - in this D forming the number of members of the Local Boards which have been recently

any other Friendly Power. If action

taken as proposed to add the

) It o to the Boards we have

Depts. it would upset the

portion of the elected & nominated

members of the Boards. Hence the

of time to consider the appointment

these offices as members of the Boards

would be at the next reconstitution

of the Boards in June 1947 — which is

not also for W. A. in matter of

fact, date for reconstitution will

however stand for deciding 4 & itself

for having the general elections for the

Federal Dept Boards. We shall then

will be informed accordingly.

(c) We second point is that these Dept

heads offices may be appointed as Ex officio

members of the Headquarter Executive Committee

the No of Ex officio members of the Boards

is two in any Dept — the Director

of Medical & P.W. Depts are usually

appointed as Ex officio members. There

at present no place to appoint a

Third player as a member. The

question may therefore be considered

5697

When the question of reconstituting these councils arises next time it is considered. Members of V.C. will be informed accordingly

Any attempt to increase the number of officials on these local bodies would touch with no small animosity offended. Further, there is no point in asking for inclusion of D officers. If any expert opinion or advice is needed, they may be invited to attend & help. Beyond this, there seems to be no need to increase the official element unless there is a corresponding increase on the side of non-official strength

Sir,

With reference to Government Order No 3553-4/PH 35-43-8 dated 23rd October 1944 sanctioning the appointment of District Health Officers for the marginally noted districts, I have the honour to inform that till this Government Order was passed, there were two districts, Mysore and Shimoga with districts health officers Now three additional Districts have been provided with District Health Officers and in the course of about 3 or 4 months, the other Districts may also have District Health Officers

Hassan
Kolar
Chitaldrug
Tumkur

In the Districts of Mysore and Shimoga the District Health Officers are members of the District Boards and Headquarter town Municipalities and as such they make their services available to the District Boards and Municipalities In the Districts where Health Officers are recently posted, they are not members of the District Boards as well as member of the Municipalities of District Headquarter towns

At the same time under Section 3(13) of the Public Health Act 1944, the District Health Officer will have to be the Health Officer for the Local Bodies which do not have Health Officers of their own

Under the circumstances, Irequest that you may be so good as to obtain orders of Government passing orders making the District Health Officers as members of the District Boards and Town Municipalities of District Headquarters

I have the honour to be
Sir,
Your most obedient servant,

Director of Public Health

To

The Director of Public Health in Mysore,
Bangalore.

Sir,

With reference to correspondence ending with your letter No.C.137-2/15-46 dated 4th February 1946 on the subject of appointing District Health Officers as Ex-officio members of the several District Boards and the Town Municipal Councils, I am directed to point out that the total strength of each of these District Boards and Town Municipalities has been fixed in accordance with the Statutory provisions in this behalf and that any attempt to increase the number of officials in these local bodies would upset the proportion of official and non-official elements. There is no need now to increase the official element unless there is a corresponding increase on the side of the non-official strength.

Further, if any expert opinion or advice of these health officers is needed, they may be invited to attend and help

(without a corresponding increase in the no of non-official members)

those local bodies would [illegible] meet with no small amount

help the deliberations of the local body concerned, as provided for in the statutes, without being actually appointed as members thereof.
